25 Apparent muscle tissue collected from Kyrian Knox

CHICAGO PD UNIT 630

Laboratory Case #C15-027370 -2- February 28, 2018

RESULTS

DNA from Exhibits 11A, 13A, 15A, 16A, 17A, 22A, 23A, 24A and 25 was amplified using the Polymerase Chain Reaction (PCR) and profiled at the following loci: D8S1179, D21S11, D7S820, CSF1PO, D3S1358, TH01, D13S317, D16S539, D2S1338, D19S433, vWA, TPOX, D18S51, D5S818, FGA, and Amelogenin.

DNA results from this analysis were compared to the human male DNA profile previously identified in Item 1 (sample from left hand of Kyrian Knox) from FBI Laboratory case number 2015-01980-3.

A mixture of human DNA profiles was identified in Exhibit 11A at the D8S1179, D21S11, D3S1358, TH01, D13S317, D19S433, vWA, TPOX, D5S818, FGA, and Amelogenin loci which was interpreted as a mixture of at least two people.

A major human male DNA profile was identified in Exhibit 11A at the D8S1179, D21S11, D3S1358, TH01, D19S433, vWA, D5S818, and Amelogenin loci from which Kyrian Knox can be excluded.

** The exact number of additional contributors to the mixture of DNA profiles identified in Exhibit 11A could not be determined. Profiles from additional contributors to this mixture are potentially incomplete and

not suitable for comparisons. Quantitative PCR indicates there is insufficient human DNA in Exhibit 12A for autosomal STR or Y-STR

analysis. Exhibit 12A was not profiled.

No human DNA profile was identified in Exhibit 13A.

A human female DNA profile was identified in Exhibit 15A at the D8S1179, D21S11, D7S820, CSF1PO, D3S1358, TH01, D13S317, D16S539, D19S433, vWA, TPOX, D18S51, D5S818, FGA, and Amelogenin loci.

No human DNA profile was identified in Exhibit 16A.

A human DNA profile was identified in Exhibit 17A at the D3S1358, D19S433, and Amelogenin loci which was interpreted as having originated from at least one contributor. The exact number of contributors to this DNA profile could not be determined. This DNA profile is potentially incomplete and not suitable for comparisons.

A human male DNA profile was identified in Exhibits 22A and 23A from which Kyrian Knox cannot

be excluded. Approximately 1 in 5.0 quintillion Black, 1 in 100 quintillion White, or 1 in 170 quintillion Hispanic unrelated individuals cannot be excluded from having contributed to this DNA profile.

A mixture of human DNA profiles was identified in Exhibit 24A at the D8S1179, D21S11, D7S820, CSF1PO, D3S1358, TH01, D13S317, D16S539, D2S1338, D19S433, vWA, TPOX, D5S818, FGA, and Amelogenin loci which was interpreted as a mixture of at least two people. The exact number of

contributors to this mixture could not be determined. This mixture is potentially incomplete and not suitable for comparisons.

RESULTS (continued)

No human DNA profile was identified in Exhibit 25.

REQUESTS

Upon submission of standards, further analysis can be conducted to resolve the source of the DNA profiles identified in Exhibits 11A and 15A. For results of previous biological examinations, please refer to my prior laboratory reports, the laboratory reports by Forensic Scientist Ronald J. Tomek from the Forensic Science Center at Chicago and the laboratory report by the FBI Laboratory dated October 14, 2015.

Please note that additional items were received but not examined at this time.

EVIDENCE DISPOSITION

Please note that Exhibits 11A, 12A, 13A, 15A, 16A, 17A, 22A, 23A and 24A were consumed in DNA analysis. Extracted DNA remains from Exhibits 11A, 22A and 23A for additional testing. DNA evidence from this case will be returned to the Chicago Police Department Evidence and Recovered

Property Section.

** Please note that this report has been amended to include a statement regarding the additional contributors to the mixture of DNA profiles identified in Exhibit 11A. CHICAGO PD UNIT 630

Laboratory Case #C15-027370 -2- November 19, 2015

RESULTS

DNA from Exhibits 8A, 9A1 and 10B1 was amplified using the Polymerase Chain Reaction (PCR) and profiled at the following loci: D8S1179, D21S11, D7S820, CSF1PO, D3S1358, TH01, D13S317, D16S539, D2S1338, D19S433, vWA, TPOX, D18S51, D5S818, FGA, and Amelogenin. Quantitative PCR indicates there is insufficient human DNA in Exhibits 7A, 9B1 and 10A1 for AmpFISTR Identifiler Plus STR analysis. Exhibits 7A, 9B1 and 10A1 were not profiled.

A low level human male DNA profile was identified in Exhibit 8A at the Amelogenin locus that was interpreted as being contributed by at least one person. The exact number of contributors to this DNA profile could not be determined. This low level DNA profile is potentially incomplete and not suitable for comparisons. No human DNA profile was identified in Exhibit 9A1.

A low level human male DNA profile was identified in Exhibit 10B1 at the D8S1179, D3S1358, TH01, D19S433, and Amelogenin loci that was interpreted as being contributed by at least one person. The exact number of contributors to this DNA profile could not be determined. This low level DNA profile is potentially incomplete and not suitable for comparisons.

INVESTIGATION:

On 13 June 2017 at approximately 2240 hours, the Reporting Detective was summoned by Detective M. KENNEDY #20102 of Detective Bureau North (630), to conduct a photo array with [REDACTED]

The Reporting Detective introduced himself to [REDACTED] explaining the Reporting Detective was an Independent Administrator.

The Reporting Detective presented [REDACTED] with a Chicago Police Department Photo / Live Line-Up Advisory Form. The Reporting Detective read the form, line by line as [REDACTED] read along. After [REDACTED] stated that he understood the advisory form, he was asked to affix his signature. [REDACTED] affixed his signature, date and time on the form under Instructions to Witness pursuant to the Illinois State Statute.

The Reporting Detective then asked [REDACTED] if he would consent to have this line up procedure both audio and video recorded. [REDACTED] declined to have this line up procedure recorded. The Reporting Detective asked [REDACTED] to affix his signature on the form under the designated area Audio / Video Recording. [REDACTED] affixed his signature next to "I do not consent to be recorded".

The Reporting Detective then showed [REDACTED] five computer generated photos. Upon viewing the photos, [REDACTED] without hesitation pointed to the third picture lined from left to right, with number one being to the left and photo number five being the right photograph. [REDACTED] pointed to photograph number three and stated "she's [REDACTED]". The Reporting Detective asked and [REDACTED] agreed to place his initials on the photograph of [REDACTED].

The Reporting Detective noted the positive identification and the statement made by [REDACTED] on the form under the designated area Photo / Live Line-Up Results. The Reporting Detective and [REDACTED] both affixed their signature at the bottom of the form.

At the conclusion of this procedure, the Reporting Detective met with Detective M. KENNEDY #20102 and informed him of the results of the photo array.

It should be noted the Reporting Detective conducted this photo array in interview room A at the Area North Detective Division located at 2452 W. Belmont Ave.

The Reporting Detective subsequently inventoried the Photo / Live Line-Up Advisory Form, computer generated photo array and demographics page at Detective Bureau Area North under INV# 13941276.

This investigation remains in progress.

Complainant states that he has probable cause to believe upon the following facts that the above vacant two flat located at 3926 W. AFFIDAVIT 2016 COH - 110

I, Detective Anthony Noradin #21252, have been a Chicago Police Officer for over twenty-two years (22) years. I have been a Detective for over fifteen (15) years and currently assigned to homicide investigations. I have been the lead homicide detectives in as many as fifty (50) investigations and have assisted in many more homicide investigations. My other duties while assigned to Detective Division have included investigating aggravated batteries, robberies, and burglaries along with other felonies. Prior to being promoted to detective I have been assigned to Patrol Division and a District Tactical Team. I became familiar with street gangs and the members of these street gangs. I have authored numerous search warrants and assisted in others. I have personal knowledge of the facts set forth in this affidavit, based on my participation in the investigation described below, my discussions with other state and local law enforcement personnel involved and my review of written and oral reports by law enforcement officers. I have also relied upon law enforcement data bases for some of my knowledge. I have not provided all the information I know of the investigations but only that which is necessary to establish reasonable cause.

Your affiant is assigned to assist in the investigation of the Death Investigation of Kyrian Knox (M/1/2) which occurred on 05-Sep-2015 at 1640 hours at the Garfield Park Lagoon located at 241 N. Hamlin, Chicago, County of Cook, Illinois and recorded under C.P.D. RD # HY-411806. In furtherance of this investigation, your affiant learned that on 05-Sep-2015 at approximately 1640 hours, the left foot of a small child was discovered floating in the Garfield Park Lagoon. On 05-Sep-2015 at approximately 1840 hours the foot was recovered and a search of the Lagoon commenced with the assistance of the Chicago Police Marine Unit. On 05-Sep-2015 at approximately 2115 hours, Marine Unit Officers recovered a right foot and a left and right hand, all proportionate in size to the previously recovered left foot. On 05-Sep-2015 at

approximately 2145 hours, Marine Unit Officers recovered an "Orbatron" 14.3 pound barbell weight, silver in color with a torn clear plastic bag knotted through its center hole.

On 06-Sep-2015 at approximately 1747 hours, Marine Unit Officers recovered a similar clear plastic bag containing the head of a small child and 4.4 pound barbell weight. The plastic bag was knotted to an "Orbatron" 14.3 pound barbell weight, silver in color. All recovered body parts were transported to the Medical Examiner's Office for a post mortem examination. Tissue samples of each appendage was taken during the examination and shipped to the DNA Analysis Unit of the FBI for identification purposes.

On 17-Sep-2015, Det. M. Kennedy #20102 was notified by Rockford Police Department that Kamel Harris Sr. (M/1/40) had contacted their department to report a missing child. Det. Kennedy relocated to the Rockford Police Department and spoke with Kamel Harris. Kamel Harris related that he resides in Rockford with his girlfriend [REDACTED] (F/1/34) and [REDACTED] three children, [REDACTED] (M/1/20), [REDACTED] (M/1/16) and [REDACTED] (M/1/2). Kamel explained that during the middle of August, he was temporarily caring for Kyrian Knox (M/1/2) as a favor to Kyrian's mother [REDACTED] (F/1/24). Kamel related that he also agreed to assume temporary care of [REDACTED] (F/1/24) two year old son, [REDACTED]. Kamel explained that [REDACTED] is friends with [REDACTED] and both of them were in the process of relocating to Cedar Rapids Iowa. Kamel explained that on or around the 17th of August, [REDACTED] and [REDACTED] drove from Cedar Rapids to Rockford and dropped off Kyrian and [REDACTED] under the agreement that the boys would be cared for approximately two weeks.

Kamel explained that during the final week of August, a male black driving a burgundy Chevrolet Trailblazer approached him and Kyrian in the front yard of his apartment ([REDACTED] Rockford, Illinois). Kamel related that this male black presented himself as family of Kyrian and that he was sent to pick up Kyrian Knox on behalf of Kyrian's mother. Kamel Harris related he gave Kyrian to this male who then left the area.

On 17-Sep-2015, Kamel was informed that [REDACTED] was intending on picking up

Kyrian within the next 1-2 days at which time Kamel contacted the Rockford Police Department and reported Kyrian Knox missing.

Kamel related that he grew-up in the neighborhood surrounding the Garfield Park Lagoon and had travelled back to Chicago 3-4 times to visit family during the timeframe of late August to mid-September.

On 17-Sep-2015, Det. M. Kennedy #20102 spoke with [REDACTED] and [REDACTED] in the Rockford Police Department. [REDACTED] related that towards the end of August 2015, [REDACTED] asked to borrow his 1996 Chevrolet Camaro. [REDACTED] agreed to lend his car to [REDACTED] and explained that his car is the only vehicle utilized by their household. [REDACTED] explained that [REDACTED] then left the apartment with Kamel Sr. and Kyrian Knox. The following morning, [REDACTED] explained that [REDACTED] returned home without Kyrian or Kamel, and was informed by [REDACTED] that they left Kyrian with family members in Chicago.

On 17-Sep-2015, Det. Kennedy then spoke with [REDACTED] who explained that towards the end of August, he observed [REDACTED] take possession of the keys to [REDACTED] Camaro and leave their residence with Kamel Harris Sr. and Kyrian Knox. [REDACTED] was informed they were driving to Chicago for the night and would return the following morning. [REDACTED] explained that the next day, he observed [REDACTED] enter the apartment alone while [REDACTED] was leaving for school. At the end of the school day, [REDACTED] returned home and noticed that Kyrian wasn't present in the apartment. [REDACTED] inquired with [REDACTED] as to Kyrian's whereabouts and was informed that Kyrian was left with family in Chicago.

On 17-Sep-2015, Det. Kennedy interviewed [REDACTED] and [REDACTED] in the Rockford Police Department. Both [REDACTED] and [REDACTED] explained that during the time frame of 25-Aug-2015 through 08-Sep-2015 they had several text message and phone calls with Kamel Harris indicating their children were well and still under his care. Following 08-Sep-2015, Kamel ceased all communication with both [REDACTED] and [REDACTED] until Kamel learned through Danyelle that the mothers were coming to pick up their children from Rockford on or around the

17th of September.

Buccal swabs were taken from [REDACTED] and [REDACTED], the biological father of Kyrian Knox and sent to the DNA Analysis Laboratory of the FBI in Quantico Virginia. Upon the request of Det. Kennedy #20102, the FBI compared the DNA profile from [REDACTED] and [REDACTED] to the body parts recovered in the Garfield Park Lagoon. On 03-Nov-2015, your affiant was informed by the FBI that as a result of the DNA comparisons, the body parts recovered in the Garfield Park Lagoon were a positive match to Kyrain Knox.

On the 17th of June 2016, Kennedy was contacted by Rockford Police Department and was informed of the arrest of Kamel Harris for the Aggravated Battery to a DCFS employee. Following his bond hearing, Kamel was transferred to the Winnebago County Department of Corrections for further detention.

On the [REDACTED]

[REDACTED] related that on two separate occasions, Kamel Harris stated to [REDACTED] in summary that he (Kamel) had killed Kyrian Knox. [REDACTED] explained that during their conversations, Kamel explained that he had agreed to temporarily care for Kyrian Knox as a favor to his mother, [REDACTED]. Kamel explained that he became frustrated with the arraignment as [REDACTED] stopped given him (Kamel) money to provide for Kyrian. Kamel explained that one day he "snapped" following which Kamel realized that Kyrian was lying lifeless on the floor. Kamel then stated that he was then assisted by an unknown coconspirator in transporting the remains of Kyrian Knox to Chicago. Kamel explained that he (Kamel) chose to not dispose of the body in Rockford as Rockford had fewer murders and would have been able to dedicate more resources to identifying the body and offender. Kamel explained that because Chicago has significantly more murders that their follow up might not be as thorough.

Kamel continued by explaining to [REDACTED] that once in Chicago, Kamel and an unknown coconspirator dismembered Kyrian and dumped the remains in the Garfield Park

Lagoon.

On the [REDACTED] ^{DET. KENNEDY} your affiant was also informed [REDACTED] who also had information regarding the murder of Kyrian Knox. ^{DET. KENNEDY} Your affiant spoke with [REDACTED] who explained he had conversations with [REDACTED] Kamel Harris during which time Kamel had admitted to killing Kyrian Knox. [REDACTED] provided a comparable account as to the content of the conversation between himself and Kamel Harris as documented above between [REDACTED] and Kamel Harris.

Both [REDACTED] and [REDACTED] related that at no point had either one of them spoke to one another regarding these conversations with Kamel Harris.

Based on the above your affiant and [REDACTED] believe that [REDACTED] will be able to engage Kamel Harris in future conversations related to the homicide of Kyrian Knox.

Your affiant respectfully requests that an order for the use of an Eavesdropping device (audio and/or video) to be issued to the undersigned applicant and all other law enforcement personnel.

I being duly sworn under oath, do state that the aforementioned information is true and correct.
